

Flexible Teleradiology Solutions

Flexibility for your radiology group.

It is a trying time in the healthcare industry.

Uncertainty about the economy and future reimbursement rates have made running a successful radiology practice more difficult than ever. Radiology groups need a real partner that will work with them, not against them.

The ONRAD Difference

Non-Compete Agreements

We will sign a non-compete agreement with any group that asks for one. Our goal is to support the group. You don't have to worry about predatory actions from ONRAD.

No Monthly Minimums

ONRAD customers only pay for what they send, which gives them the flexibility to send what fits in with the budget. No matter how many studies are sent, customers can always rely on ONRAD's consistent turnaround times and level of quality.

KLAS Ranking

ONRAD's commitment to providing a superior quality service for every customer is shown in our #2 ranking in the Teleradiology segment of the 2011 Best In KLAS Awards for Software and Services.

Quality Assurance

As a Joint Commission Accredited organization, ONRAD's Quality Assurance program meets strict quality standards. In addition, the radiology group's quality numbers are posted every quarter at www.onradinc.com/proof.

ANSWERS for you. For your patients.

ONRAD teleradiology solutions give radiology groups the flexibility they need to manage their practice in these trying times. ONRAD customer rely on our radiology group's consistent quality, turnaround times and customer service to help maintain and grow their clinical relationships.
